Produced by the United States Geological Survey
Control by USGS and NOS/NOAA

Compiled from aerial photographs taken 1988 and 1990
Field checked 1991. Map edited 1993

1927 North American Datum (NAD 27). Projection and blue 1000-meter ticks: Universal Transverse Mercator, zone 6
10 000-foot ticks: Alaska Coordinate System, zone 4

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are given in USGS Bulletin 1875

The Alaska Maritime National Wildlife Refuge consists of all the public land in the coastal waters and adjacent seas of Alaska, excluding lands within the National Park System, National Forest System, and other designated units

Red tint indicates areas in which only landmark buildings are shown

Swamps, as portrayed, indicate only wetter areas, usually of low relief, as interpreted from aerial photographs
