Produced by the United States Geological Survey

Control by USGS and NOS/NOAA

Compiled from aerial photographs taken 1972. Revisions shown in purple and woodland compiled from aerial photographs taken 1988 and other sources and has been field checked. Map edited 1993. Conflicts may exist between some updated features and previously mapped contours

1927 North American Datum (NAD 27). Projection and blue 1000-meter ticks: Universal Transverse Mercator, zone 6
10 000-foot ticks: Alaska Coordinate System, zone 4

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks
The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are given in USGS Bulletin 1875

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Gray land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management
Folio S13, Seward Meridian

Swamps, as portrayed, indicate only wetter areas, usually of low relief, as interpreted from aerial photographs
