BASE LINE

Produced by the United States Geological Survey

Control by USGS and NOS/NOAA

Compiled from aerial photographs taken 1985
Field checked 1987. Map edited 1992

North American Datum of 1927 (NAD 27). Projection and 1000-meter grid, Universal Transverse Mercator, zone 6
10 000-foot grid ticks based on Alaska Coordinate System, zone 3
The difference between NAD 27 and North American Datum of 1983 (NAD 83) for 7.5 minute intersections is given in USGS Bulletin 1875. The NAD 83 is shown by dashed corner ticks

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Gray land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management, Folios F-7 and F-9, Fairbanks Meridian

Land lines are omitted in areas of extensive tract surveys

Swamps, as portrayed, indicate only the wetter areas, usually of low relief, as interpreted from aerial photographs
