Mapped, edited, and published by the Geological Survey

Control by NOS/NOAA and International Boundary Commission

Topography by photogrammetric methods from aerial photographs taken 1957, field annotated 1959. Map not field checked

Projection and 1000-meter grid ticks shown in blue: Universal Transverse Mercator, zone 7
10,000-foot grid ticks based on Alaska coordinate system, zone 2. 1927 North American Datum
To place on the predicted North American Datum 1983 move the projection lines 48 meters north and 109 meters east

Land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management Folios CR-6 and CR-7, Copper River Meridian

Swamps, as portrayed, indicate only the wetter areas, usually of low relief, as interpreted from aerial photographs

Federal reservation boundaries established by The Alaska National Interest Lands Conservation Act, PL 96-487, Dec. 2, 1980, are shown as compiled by the administering agencies

There may be private inholdings within the boundaries of the National or State reservations shown on this map
