Mapped by the Defense Mapping Agency
Edited and published by the Geological Survey

Control by USGS

Topography by photogrammetric methods from aerial photographs taken 1954 and 1957, field annotated 1958. Map not field checked

Selected hydrographic data compiled from NOS/NOAA chart 16640
This information is not intended for navigational purposes

Projection and 1000-meter grid ticks shown in blue:
Universal Transverse Mercator, zone 5
10,000-foot grid ticks based on Alaska coordinate system, zone 5. 1927 North American Datum
The difference between 1927 North American Datum and North American Datum of 1983 (NAD 83) for 7.5 minute intersections is given in USGS Bulletin 1875

Land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management
Folios S-17, Seward Meridian

Lake elevations are unchecked

Swamps, as portrayed, indicate only the wetter areas, usually of low relief, as interpreted from aerial photographs

Federal reservation boundaries established by The Alaska National Interest Lands Conservation Act, PL 96-487, Dec. 2, 1980, are shown as compiled by the administering agencies

The Alaska Maritime National Refuge consists of all the public lands in the coastal waters and adjacent seas of Alaska consisting of islands, islets, rocks, reefs, capes and spires as well as designated mainland areas
